Be careful when going out

**We need your cooperation
to control the spread of infection.**

**Please practice infection prevention measures
even more than before!**

- **Shop alone, avoid crowded hours, and reduce the frequency**
- **Order takeout and delivery instead of eating out**
- **Postpone sports activities and hobby group gatherings for the time being**

Now is the time to protect yourself and your loved ones!

Request to all citizens

○ Refrain from going out

- Refrain from unnecessary outings even within the city
- Refrain from non-essential and non-urgent travel to and from other cities

○ Caution when dining

- Dine at restaurants that practice infection control measures
- Dine with your usual circle, with 4 or less people, within 2 hours

○ Take Thorough Measures to Prevent Infection

Vaccination is one of the effective ways to prevent the spread of infection.

Let's expand the circle of vaccination and stop the infection!
